A TRAINEE TEACHER'S TYPICAL WEEK

1

OBSERVE

Our SCITT course builds gradually so you can spend time observing experts in our schools and build up a repertoire of teaching skills before putting them into practice yourself!

2

TRAIN

Our research-based training, delivered by practicing experts, is every Friday. This allows you to seamlessly link the training into your practice the following week. You'll make great progress with your teaching this way!

3

TEACH

Once you've spent time observing and undertaking the basics of training, you'll start building up your teaching during time in school (Monday-Thursday). We progress at a pace suitable to you.

4

SUPPORT

Workload and wellbeing are two of our key priorities. You will have a great support network: a personal tutor from Ripley ITT, an in-school mentor, subject tutors, Ripley ITT leaders... and more.

WHAT'S IT LIKE TO TRAIN WITH RIPLEY ITT?

OFSTED, 2023

"Trainees flourish"

TRAINEE TEACHER, 2025

"All the staff are friendly and open to chat to trainees and give us information and support. I have definitely developed both as a professional and a colleague here thanks to them."

OFSTED, 2023

"Trainees are extremely complimentary about their school-based placements. They benefit greatly from learning from experts in their fields."

APPRENTICE TEACHER, 2025

"The generic training this term has done a lot to broaden my understanding and build upon my practice. It has felt very timely and has lined up with my own development as a teacher."
